FIVE PRACTICES OF EXEMPLARY LEADERSHIP

At our camp, we believe in promoting The Five Practices of Exemplary Leadership, as outlined by authors James Kouzes and Barry Posner. These practices are:

- 1 Model the Way:** Leaders set the example by aligning actions with shared values. They clarify personal values and beliefs and set the standard for others to follow.
- 2 Inspire a Shared Vision:** Leaders envision the future and enlist others in a common vision. They inspire and motivate through a compelling and aspirational vision of the future.
- 3 Challenge the Process:** Leaders experiment and take risks by seeking innovative ways to improve. They encourage others to challenge the status quo and foster an environment where creativity and innovation thrive.
- 4 Enable Others to Act:** Leaders foster collaboration and build trust by empowering others. They create opportunities for others to contribute and develop their skills, while also fostering a culture of inclusion and trust.
- 5 Encourage the Heart:** Leaders recognize contributions and celebrate successes. They show appreciation for the efforts of others, provide support during setbacks, and cultivate a culture of appreciation and recognition.

These practices form the foundation for effective leadership and can be applied in various contexts to inspire and empower others towards shared goals.
