

## ► Expectations

UMS high school is inspected by the Ministry of Education, and our curriculum complies with Ontario high school expectations. As such, students must have excellent attendance and must achieve a passing grade in order to receive a credit. Proof of pre-requisite for senior courses (if required) must be submitted before July.

## ► Enrolment

We will notify all students who have applied through our admissions portal by email, and entrance will be based on a first come, first served basis. Once your child has officially been accepted into our summer credit program, you must submit your course fee in order to secure your space. Course availability is dependent upon enrolment.

## ► Location

Our courses are being offered in a hybrid model where students can choose to learn either in person or online. Students are welcome to sign up for the format of learning they prefer and will have the flexibility to change their learning format if necessary. In person classes will take place at our Main Campus, located at 4486 16th Avenue, Markham, ON. Heightened safety protocols will be in place for all students who are attending in person.

## ► Uniforms

Students will not be required to wear uniforms during the summer months, but are required to dress appropriately for school.

## ► Cost

\$600 per course for local students. Additionally, as a special offer, the first five students to register for a course and complete payment will qualify for a 25% discount on the course fee.

There is an additional administration fee of \$200 for international students, who must also provide a valid student visa in order to be registered for a credit.

Textbooks must be purchased by the student. Additional information will be provided upon enrolment.

## ► Class Size

Limited to 15 students per class. A minimum of 5 students are required for a course to run.

Unionville Montessori School is offering High School Credit/prep courses this summer. In light of current health restrictions, we are offering an **innovative hybrid (in person/online) solution!**

Combining innovative, specialized instruction with the latest in learning technology, our program offers students the opportunity to earn a high school credit in a supportive and interactive environment. Students may also choose to audit the course in preparation for future studies, receiving no credit.

## | Dates and Times

Summer courses will run Monday to Thursday (with the exception of week 1), beginning on July 5th and ending on July 29th.

**Note:** The first week will be a full week and class will be held on Friday July 9th.
